

Problem 1 : Personal Web page

AIM:

Design a sample personal web page using three separate pages such as

- (i) Home page.
- (ii) Educational Qualification
- (iii) Contact me

PROGRAM CODE:

Index.html	<pre> <html> <head> <title>Personal</title> </head> <body background="background.jpg"> <h1 align="center"><i>Andrew Someone</i> <center><h6>Home Education Contact </center> <marquee>!!Attention Check About!!</marquee> </h3><h2> <u>About</u></h2></br> <div>Just some basic things about me. I am Lorem Ipsum, a software engineer having 4 years of industrial experience.</br> </br> <i>Just another paragraph about me which simply talking about myself. And this is some dummy text </div> </body> </html> </pre>
edu.html	<pre> <html> <body background="background.jpg"> <center> <h1> EDUCATIONAL DETAILS</h1> <table border="5" width="50%" height="50%"> <tr> <th> <h4>Education</h4></th> <th> <h4>Qualification</h4> </th> </tr> <tr> <td> B.Tech</td> <td> 78.0 </td> </tr> <tr> <td> Higher Secondary</td> <td> 83.0 </td> </pre>

	<pre> </tr> <tr> <td> Primary school graduation</td> <td> 67.0 </td> </tr> </table></center> </body> </html> </pre>
Contact.html	<pre> <html> <body background="https://cdn.pixabay.com/photo/2015/12/03/08 /50/paper-1074131_960_720.jpg"> <center> <h1> CONTACT</h1> <div>
<h2> Blaa Blaa
 Near foo foo
 Kerala
 Email: shashfsjfhs@ifhie.com</h2> </div> </center> </body> </html> </pre>

RESULT

Figure 1: index.html

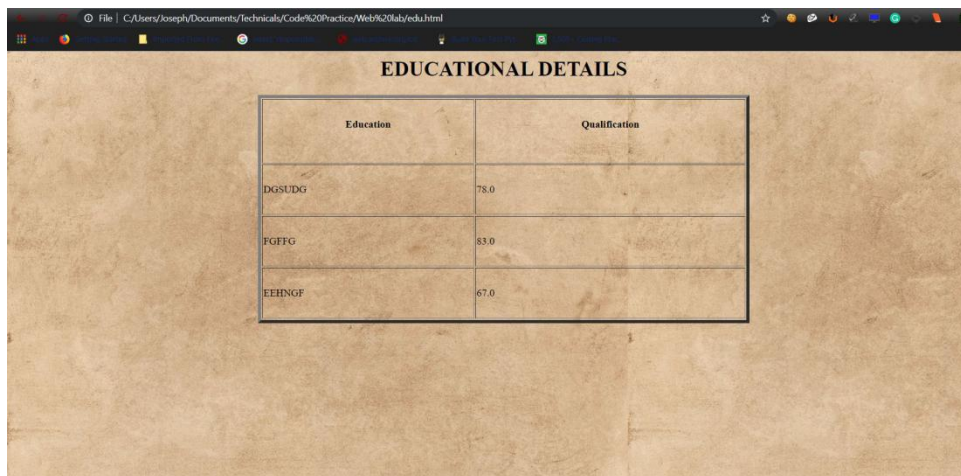

Figure 2: edu.html

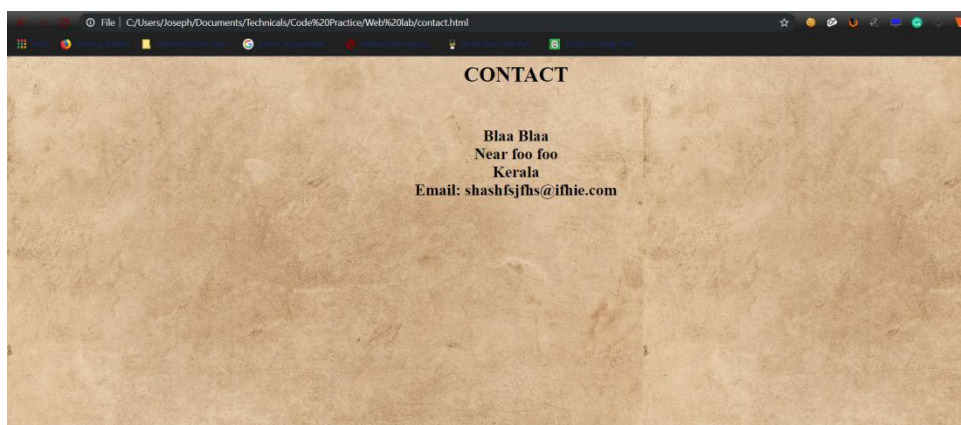

Figure 3: contact.html
